SUBJECT: Copies of Documents from State Department Decimal File, 1945-1949

TO: Chester Dunham

FROM: Joan Oglesby

On May 24, 1977 I was instructed by you to research the State Department Decimal File, 1945-1949 for documents pertinent to the discussion which took place in Alan Thompson's office, May 23, 1977.

The procedures I used were as follows:

1. I consulted the Index Card File (which is available to researchers) and noted down the entries for apparently pertinent documents
2. I removed from the files and copied several documents which pertain to the matter under discussion.

At no time did I use information not available to researchers in the Index Card File. Furthermore, I discovered several unclassified documents, presently available to researchers, which pertain to the matter under discussion.

It should be noted that much of the material I discovered is not filed under the 123 decimal. However, the problem remains the same.
